"A Voice of Gladness for the Living and the Dead"

Instructions: Fit the bolded words from the scripture below into the encircled squares. Words will read forward, backward, up, down, and diagonally and will normally cross other words. Start with the hints provided.

Doctrine and Covenants 128:15

And now, my dearly beloved brethren and sisters, let me **assure** you that these are **principles** in **relation** to the **dead** and the **living** that **cannot** be **lightly passed over**, as pertaining to our **salvation**. For their salvation is **necessary** and **essential** to **our** salvation, as Paul says concerning the fathers—that **they without us cannot be made perfect**— neither can we without our dead be made perfect.

Family Search

By Arie Van De Graaff

Pretend you just heard a family story about someone who joined the Church while at college. They're the first member of the Church in your family! You didn't hear their name, though, so do this activity to find out who it was. Start in the upper left corner and draw a straight line from each two-letter bubble that spells out the phrase "Family History—The Spirit of Elijah." When you're done, look for the one photo that doesn't have a line through it. This is the family member you're looking for!

Doctrine and Covenants 128:18

I might have rendered a plainer translation to this, but it is sufficiently plain to suit my purpose as it stands. It is sufficient to know, in this case, that the earth will be smitten with a curse unless there is a welding **link** of some kind or other between the fathers and the children, upon some subject or other—and behold what is that subject? It is the baptism for the dead. For we without them cannot be made perfect; neither can they without us be made perfect. Neither

Mystery Picture Graph

Instructions: Find the mystery picture below by plotting and connecting the points of each line on the coordinate graph. Connect all the points in Line 1, stop, pick up your pencil, and then connect all the points in Line 2, and so on for the rest of the lines. The dot for the first (X,Y) coordinate pair on Line 1 has been placed for you.
